Community Development Projects

Cook stoves

Original Stove

Risk for burns to children, respiratory problems and vision problems due to smoke in the home.

New Cook Stoves

Reduce wood use (saving calories spent collecting), fire injury, smoke issues

Ventilated Pit Latrine

Curriculum Exchange between First U's RE classes and San Jose Elementary Schools

Thanks to our generous donations,
many families have access to water
at their home.

Thanks to our donations, new Pilas serve as retaining tank for cooking, dishwashing area, clothes washing area, and some times baby's bath tub.

Water needing to be filtered

Potters for Peace – Water Filter

Required education and community acceptance to use this new method.

Microloans paid in full

6th Grade Scholarship Application Day

30 students and their parent/guardian attend

Students completing scholarship applications with monitors to assure independent work.

- Assessment of Financial Need:
 - Each parent/guardian meets with US personnel
 - Help complete financial information forms

2013 scholar families
supported by Greater Good and private donors
